

POLITICAL PARADE

By CLEM WHITAKER

Save for Uncle Sam!

That is the war-time mandate which the State Legislature has handed to all department heads of state government in an attempt to strip non-military expenditures down to bare essentials.

And if the legislature has anything to say about it, the sweeping economy order, affecting all non-defense branches of government, will be rigidly enforced.

The resolution calling for the elimination of all waste, extravagance and unnecessary spending was fathered by Senator T. H. De Lap of Richmond and was approved by vote of both houses at the first part of the special legislative session on defense needs.

Overshadowed, at the time, by debate on the State Guard appropriation and other more spectacular issues, the economy mandate failed to make headlines, but the Legislature—recognizing that tremendous sums must be made available for emergency war purposes—has instructed the Legislative Auditor to keep vigilant watch over the spending of all state agencies and to report the results to the Joint Legislative Budget committee.

Uncooperative state departments, which fail to trim their sails as demanded, according to the lawmakers, will be pulled up short before a legislative investigating committee—and if they still refuse to mend their ways will be blasted publicly as unpatriotic and as out of step with the country in its hour of need.

"It is generally agreed," said Senator DeLap, author of the economy mandate, "that the United States can not apply its maximum strength to winning the war unless all its resources, private and public, are conserved and made available for war needs. Every expenditure by the state, however desirable in peace-times, which doesn't further the war effort, depletes resources otherwise available for that effort, and deprives California citizens of funds which should be available to pay mounting federal taxes, and to purchase defense bonds.

"Present state taxes were imposed long before the country was at war and therefore should not be regarded by state officials as a measure of the exactions which the state is warranted in imposing in time of war. We have asked Governor Olson, Director of Finance Killion, and all state departments to reduce expenditures to the barest essentials required to maintain necessary services."

As one practical step toward cutting the state's overhead, it was announced that department executives have been directed to refrain, wherever possible, from filling the places of state employees called into the service. State employees not called into the armed services will be expected to assume the extra duties. It's time for state government, the Legislature insists, to strip for action!

MEMORIAL SERVICE FOR FLOYD BRYANT

Memorial services for Floyd Eugene Bryant, lost in action at Pearl Harbor, Dec. 7, will be held at the Methodist church in Campbell next Sunday in connection with the morning service at 11:00 o'clock. The brief memorial will be at the close of the service. Participating in it will be Mrs. Archie Keesling, a former teacher and friend of Mr. Bryant, the Rev. Donald H. Baldwin, minister of the Methodist church, and David Rutherford, a family friend who will sing.

A telegram from the Navy department to the parents, Mr. and Mrs. W. C. Bryant, was received Dec. 13 stating their son was "lost in action" in the performance of his duty and in the service of his country."

Floyd had joined the navy in 1939. Having trained at San Diego he was sent as a second class seaman to Pearl Harbor where he had been stationed for nearly a year and a half. His last letter, dated Nov. 26 said, "I will be out in nine months with an honorable discharge."

Floyd was born in Gilroy, Sept. 2, 1921. He started school in Sunnyvale. The family later moved to Campbell where he attended and graduated from the Cambrian Grammar school. He was also enrolled in the Campbell High school, entering the Navy before completing his studies.

The deceased youth is mourned by his parents, residents of North Third street, Campbell, a sister, Mrs. Moore, of Campbell, and a brother who is a first class pilot in a Navy patrol squadron.

Friends of the family are requested to attend the memorial service.

169 Enroll In First Aid Classes

First aid classes have taken the Campbell Union High school adult education program by storm.

There were 169 persons in attendance on Tuesday evening, Jan. 6. Three beginning classes have been organized with the possibility of this being increased to four. At present one class meets on Monday and Wednesday at 7 p. m.; two others meet on Tuesday and Thursday at 7 p. m. The advance class meets on Tuesdays at 7 p. m.

The classes are under the direction of Dr. F. R. Anderson, Mrs. Alfreda Runge, Mrs. Harold Drummond and Mr. T. E. Blesh.

Additional classes are to be organized for high school students desiring first aid training.

If more adults wish to join the first aid classes, provisions will be made to secure additional instructors so that everyone will get an adequate training in this necessary phase of civilian defense.

DIAL PHONES TAKE OVER

The new dial telephone system for Campbell went into operation Tuesday evening, Jan. 6, it was announced by C. D. Steiner, manager for the Pacific Telephone and Telegraph company. At that time all central office lines connecting with the present system were changed over to the new dial system. Hereafter all calls will be made by dialing the telephone number desired as listed in the new directory.

With the inauguration of dial service in Campbell, Steiner gave the following suggestions for the proper procedure in using the dial telephone:

Before dialing a number, first obtain from the new telephone directory the correct number of the party you wish to call. This is important as all Campbell telephone numbers will be changed. Next remove the receiver from the dial telephone and listen for the dial tone—a steady buzz. When you hear it, dial the number while the receiver is off the hook. The old telephone should not be used after the change to dial service. This instrument will be removed later.

Complete instructions on how to dial are included in the pages of the new telephone directories that were delivered prior to the change to the new service. Should any subscriber not receive a new directory, one will be delivered promptly upon request (Continued on Page 4)

Mr. and Mrs. David Rutherford and Mrs. Nellie Rutherford were New Year's eve guests of Mr. and Mrs. Francisco De Lemos on the Stanford campus.

DWELLEY TO DIRECT HOME GARDEN PLAN

Kenneth Dwelley, instructor of agriculture at Campbell High school, has been appointed director of the home garden plan in various grammar and high schools throughout the county.

This plan is part of the national defense program and is promoted by the United States Department of Agriculture in order to make the average American family more self sufficient.

The directors of the garden plan point out that the average family can save approximately 25c each week by raising its own vegetables. This amount each week when multiplied by the millions of families throughout the country, will help to control the increased cost of living.

At the present time the Future Farmers are making an exhibition garden directly in front of the High school shop for the purpose of creating interest in the garden plan.

F. ARNOLD GRIM AT KELLY FIELD

Kelly Field, Texas—(Francis) Arnold Grim is now a member of the first class of aviation cadets to enter the air corps replacement training center (Aircrew) at Kelly Field, Texas, since the entrance of the United States into World war II. This class entered its training with a new determination Dec. 20.

Cadet Grim is the son of Ira H. and Mary E. Grim of Campbell.

This is the second class to embark on the five-weeks course in basic military training and ground school instruction at the replacement center. Earlier the same week the first class of successful graduates was assigned to primary flying schools to begin flight training.

At the replacement center Cadet Grim will go through five weeks of preliminary training which will give him a thorough military background for becoming an officer in the army of the United States on graduation from an advanced flying school, thirty weeks later.

In addition, the course is intended to prepare the cadet, mentally and physically, for the rigors of the actual flight training to come. Cadet Grim will participate in many activities designed to improve his physical condition beyond even the high standards required for entrance into the army air corps.

Upon completion of the course at the replacement center Cadet Grim will enter one of the primary schools located in the Gulf Coast Air Corps Training Center area.

60th Anniversary Celebrated by Marshall Rosses

Monday was a day long to be remembered in the family of the Marshall Rosses, as it marked the sixtieth wedding anniversary of Mr. and Mrs. Ross and also the 81st birthday of Mr. Ross.

Their four children, William Ross of Oakland, Mrs. Anna Joy of Berkeley, Mrs. Mabel Ecstrand of Honolulu, and Mrs. Elizabeth Worden of San Jose were with them on this day.

Mr. and Mrs. Ross were among the early residents of Campbell and were interested in promoting its early institutions. They are charter members of the Congregational church and Mrs. Ross has been a member of the Country Woman's club since its beginning.

Friends extend sincere congratulations and best wishes for many more years of happy useful lives.

Mr. and Mrs. S. J. Ferichs of Tracy are receiving congratulations on the birth of a ten pound boy, Sunday afternoon, Jan. 4, at San Jose hospital. Proud grandparents of Simeon John III are Mr. and Mrs. A. W. Wellington of Campbell and S. J. Ferichs I, of Tracy.

RED CROSS ASKS FOR MORE MONEY

The directors of the Campbell Red Cross chapter met Saturday morning to consider plans for collecting this district's share of the \$50,000,000 urgently needed by the Red Cross to provide for the present and future care of evacuees, injured civilians and armed forces, and provide necessities for people of any area suffering from disasters.

At present no door to door solicitation will be made here but no one can fail to know of the need for every contribution that can be made. This is not a membership drive but a solicitation for the war relief fund.

Letters are being sent to every organization in Campbell's district calling attention to the campaign and requesting cooperation.

Several depots to receive subscriptions are being established and containers for loose contributions will be placed in stores and other public places.

The first practical demonstration of the services of the Red Cross, in our present war, was witnessed at Honolulu, during and after the bombing, and now, closer at home, the same efficient help is being given at San Francisco and San Diego as the boats arrive, bringing the wounded and evacuees from torpedoed boats and various places in the Pacific.

If trouble comes to our own loved valley, the Red Cross will be here to help.

Give to the Red Cross now! Like the garden slogan, "Every Carrot Counts," so with "dollars down to pennies" for the Red Cross.

Subscription depots will be at the Campbell Press office, Clark's Drug store, Mathis' Red and White store, Farley Real Estate office, Campbell Cleaners, Campbell Water company, Cambrian school, Mrs. Howard J. Smith, the high and grammar schools, Pepper Tree market and Cheerio Corner.

New Method of Reporting Fires

This community's new dial system of telephones will bring certain changes in the method of reporting fire calls here, Ethan E. Lanphear, Campbell fire commissioner said today.

The new telephone directory, which has been distributed, carries a listing for the fire department. This listed telephone number is 3311 and anyone wishing to report a fire should dial this number. Should anyone experience difficulty in reaching this fire number, they should dial operator and say, "I want to report a fire." The operator will then attempt completion of the call. These calls will go to a telephone located in the fire house. A man is on duty there twenty-four hours a day and he will answer all calls.

THE GREATNESS OF CHURCHILL

The greatness of Churchill as a leader with extraordinary power to imbue a war-battered nation with his own indomitable will, courage and confidence has been established dramatically. America has heard the Prime Minister of Britain declare:

"I am a child of the House of Commons. I was brought up in my father's house to believe in democracy; trust the people, that was his message . . . Therefore, I have been in full harmony all my life with the tides which have flowed on both sides of the Atlantic, against privilege and monopoly, and I have steered confidently toward the Gettysburg ideal of government of the people, by the people, for the people . . . In my country as in yours public men are proud to be the servants of the state, and would be ashamed to be its masters."

Churchill's voice was the voice of English democracy built through the painful centuries since the Magna Carta was forced from King John—the democracy that today ordains that the home of every Englishman, no matter how humble and pensive to wind and rain, is his castle and may not be entered without permission by the King of England himself. His voice was the voice of American democracy won at Yorktown, established by the Constitution, preserved at Gettysburg and Appomattox, and defended today on far-flung battle-fronts of the world.

Churchill's historic greatness is his role as the champion of democracy who stood like stone when France—without a Clemenceau!—collapsed and the weaponless remnants of England's army came home from Dunkirk. Very largely because of this champion, England remains a bulwark of growing power—and America has not begun her fight alone.

IS COLLEGE WORTH WHILE?

Eighteen years ago 1200 boys graduated at U. S. C. They had scarcely time to feel for a toehold in the world, when the depression came to shatter the economic pattern they had studied.

Then came long years of paternalism—millions on the dole—enterprise and self-reliance sneered at—high school graduates chanting, "WPA, here we come!"—rumors of disillusioned college-trained men leaning on WPA shovels—long-haired speakers preaching the philosophy of defeat.

Last week a poll of those 1200 U. S. C. grads, now men around 40, revealed this as the average: A chap earning \$5709 yearly, married, carrying \$12,383 in life insurance, owning a car and an \$11,000 home.

Weaklings may quit and doubters whine, whether educated or otherwise—but no depression can stop a man with brains and training and resolution from going after what he wants and getting it. At any rate not in the U. S. A.!

GET NEW LICENSE PLATES NOW

February 4th is the deadline, motorists!

If you let that day slip by without getting in your application for your '42 plates, your fees will be delinquent and penalties in order.

More—in these hectic, unprecedented times it is good citizenship to apply early and avoid causing congestion and delay. Plates and certificates are first-rate identification at all times and places. In a statement this week, Director Carter of the State Department of Motor Vehicles has reminded the motoring public that no postcard notices will be sent. Each car owner must take upon himself the responsibility of sending in his fee, the amount of which is printed on the lower left corner of his white slip. The white slip must be sent with the fee. The fee must be in form of a postal money order, certified check or bank draft—personal checks not accepted.

That's all there is to it—but Feb. 4 is the deadline.

THE BOOK MARK

by marty

"Lonely Parade" by Fannie Hurst.

Here is another book that people will laugh over. There is an average of one good laugh to every ten pages, and the book is not short.

The author of "Back Street" has succeeded again. This time her story deals with three women whose personalities and varied social standings combine to make exceptional and fascinating characters.

The time of action is the beginning of the twentieth century. In fact the story opens as the bells are ringing in the new year of 1900. The reader plunges right into the story. You don't have to struggle through several long chapters to learn what it is all about.

Immediately on entering the book, Sierra Baldwin, the coolly lovely one of the female triumvirate, steps forth to meet you in her calm and poised manner. Being a member of a wealthy family, it is from her that the financial aid comes. Parenthetically, her father, John Baldwin, is a shrewd and interesting fellow. Sierra's two friends, Kitty Mullane, and Charlotte Ames are two people, although fictional, that you will long remember. Kitty is small and Charlotte is large—in fact she is huge. These three, Kitty, Sierra and "Charlottenburg" march side by side through "Lonely Parade."

The first thing they do is to rent a huge house at "Twenty-one East," renovate it and condition it for living comforts. From this nucleus their different and interesting activities radiate. Charlottenburg is engaged in theatrical bookings. Many an aspiring performer, whether dancer, singer or actor, was made or broken in her offices. Kitty specialized in interior decorating, a new field for women at that time, and her efforts in this line were inspiring in the final arrangement of "Twenty-one East." Sierra spent her love, her fortune and her life in social work.

It was at the beginning of this century that women entered into a new social world, and Miss Hurst has written a great and moving novel of an age in which they became a new kind of people.

Mr. and Mrs. Kenneth A. Cooperrider of Oakland are receiving congratulations on the birth of a son on Dec. 18. The young heir weighed 6½ pounds and has been named Niel. Mrs. Cooperrider was Miss Marry (Polly) Maxon, daughter of Mr. and Mrs. R. Y. Maxon, Winchester road and Sunnyoaks avenue.

into military squads with certain duties assigned to each group in case of blackouts or air raids. They will have arm bands so as to be more easily recognized by the people of the community.

The local first aid station is at the Campbell Congregational church and there will be another station set up soon.

DON COSSACKS IN SAN JOSE 15th

In spite of black-outs, the reservations for the Don Cossacks are coming in steadily at the auditorium box office great enthusiasm being shown over the coming concert of the famous Russians on next Thursday evening, January 15.

The thirty-eight Russian giants of the Don River valley of pre-revolution days, are led by the tiny Serge Jaroff, and he brings music from their lusty throats that is unequalled in choral singing. Now like a mighty organ, now soft as a murmuring stream, the Russians seem able to perform incredible effects with their voices. Originally formed in a Russian prison camp in Constantinople twenty years ago, the group has had but few replacements, every singer be-

ing a direct descendent of the Cossacks of old Russia. Twenty-one are now American citizens.

High Varsity to Play Live Oak

In the future all league games will be played in the afternoon because of the war

High P.-T. A. Plans Meeting

The Campbell High School P.-T. A. will meet next week Wednesday, Jan. 14, at 2 p. m.

Members from the Almaden district will be in charge of the program. C. Minor Moore will be chairman for the day and Mrs. A. C. Hansen will be in charge of refreshments.

The program will consist of a round table discussion on "Health and Safety," and selections by a trio from the condition and blackouts. No games in the league are scheduled for this week.

"Old Gardens" Interesting Topic Of Club Meeting

"Famous Old Gardens" was the topic of the day when members of the Country Woman's club met on Monday, Jan 5 for their first meeting of the new year.

Mrs. Henry G. Stelling of Cherry Acres, Sunnyvale, spoke on famous old gardens and mansions of the south. She described the well-known Middleton and Magnolia Gardens near New Orleans which cover many acres and are 250 years old. Her description of the Evangeline country was most interesting and every member of her audience felt that they must some day follow the Azalea Trail to Mobile.

In keeping with the discussions of homes and gardens, Mrs. Earl Buck sang three songs: "Homing" by Del Riego, "Hills of Home" by Oscar Fox and "Mighty Lak a Rose." She was accompanied by Mrs. Virginia Rutherford.

Mrs. A. W. Wellington was chairman of the committee in charge of the program. Other committee members were Mrs. H. W. Jensen, Miss Lillian Cassidy, Mrs. E. F. Whistler, Mrs. F. H. Cutting, and Mrs. R. G. Archibald.

During the regular business meeting, presided over by Mrs. G. E. Jeffers, the club made a donation to the Red Cross and asked to have a box for small donations placed in the club room. Mrs. Jeffers announced that more blankets and quilts are needed for the emergency casualty station.

PHONE 127 SERVICE and DEPENDABILITY

"THANK YOU—from all of us"

"Just before Christmas, we told you that we would appreciate your lending us a hand over the Holiday Season by not sending greetings by Long Distance.

"We asked this in order to help keep the lines available for calls important to defense.

"In spite of all our extra operators could do, there were many more calls than could be handled without delay. We are exceedingly sorry for the delay, but grateful for the friendly cooperation you gave us all through these busy days. Thank you. It really helped a lot.

"We assure you that we will do our level best, under existing conditions, to render you the finest service possible during the coming year."

M. F. Hughes' Entertain At Southern Dinner

The M. F. Hughes entertained friends at a 6:30 southern dinner and party on New Year's eve at their home on Hamilton avenue.

After the dinner children were entertained in the rumpus room, while the older guests gathered about the tree for "presents from Santa" all of which were little musical instruments. They were then required to form an orchestra and prizes were awarded to the ones who played best. This caused a riot of fun for some time, after which many games were played until 1942 had an hours start.

Those present were Mr. and Mrs. E. R. Thompson, Mr. and Mrs. Naylor, Mr. and Mrs. Robert West, Mr. and Mrs. D. Hefner, Mr. and Mrs. Joe Harlow, Mr. and Mrs. P. L. Bowers, Mr. and Mrs. John Jury, Mr. and Mrs. Philip Enos, Mr. and Mrs. G. D. Wilson, children, Mary-Lunn and Edward Thompson, Ronnie Hefner, Jimmie Harlow, Katherine Bowers and Leonard Enos.

Mrs. G. A. Rucker Hostess to Pundita Circle Wednesday

Pundita Circle met on Jan. 7 at the home of Mrs. G. A. Rucker on Winchester road, with Mrs. S. B. Smith and Mrs. R. Y. Maxon assisting.

The club has voted to begin each meeting an hour earlier in order to sew an hour for the Red Cross. Mrs. Howard Smith gave a short talk regarding the Red Cross work.

The program was announced by Mrs. Smith. Mrs. Maxon read a paper about new synthetic products or plastics such as bakelite, rubber, nylon, lustron and magnesium.

The meeting closed with a social hour and refreshments.

The next meeting will be held at 1:30 p. m. at the home of Mrs. C. E. York on Quito road.

Mrs. M. N. Creigh Is Hit-Run Victim

Mrs. Minna N. Creigh of 299 Sunol street in San Jose died of injuries she received just after midnight of New Year's morning when she was struck by a hit-run driver as she was leaving an automobile at Sunol and San Carlos streets.

Mrs. Creigh was a native of Germany, 65 years of age, mother of Carl W. and Edward H. Creigh.

Mrs. Creigh had numerous friends in Campbell where the family lived for several years, the boys attending school here.

Services were held Saturday morning with private interment.

Most enthusiastic reports of the picture "Latitude Zero," shown Monday evening by Herbert Knapp have been given by all who saw them. Many have said it was the most beautiful of any travelogue they had ever seen, and it was regrettable that the attendance was not greater. Following so soon after Saturday nights blackout probably kept many at home.

Candidates Speak Before High's Student Body

The six candidates for the student council, governing body of Campbell Union High school, gave their campaign speeches in an assembly held Tuesday, Jan. 6.

The candidates were: Lois Frisch, Kerlin Morgan, Carl Field, Dan Clark, Jane Gerrens, and John Williams.

DIAL PHONES

(Continued from Page 1)

to the business office.

Only necessary calls should be made for the first few days following the change to dial service in order to avoid the possibility of overloading the central office equipment and delaying important or emergency calls. The equipment has ample capacity to handle the normal flow of calls with sufficient margin for reserve. However, an abnormally large volume of calls made through sheer curiosity might cause overloading, said Steiner.

Calls placed after Jan. 6 to your present telephone number from out of town points, will be completed by the operator to your new number for a limited period. Steiner suggested that subscribers inform persons in other towns who call Campbell numbers frequently of their new number.

For the transaction of business with the telephone company, dial "operator" and ask for "business office," Steiner explained. He added that telephone accounts may be paid at the Campbell Water company office, 2 West Campbell avenue.

Grammar P.-T. A. Met Tuesday

The Campbell Union Grammar School P.-T. A. met Tuesday with Mrs. Esther Short, chairman and sixth grammar mothers and teachers hostesses.

Mrs. W. F. Grattan, president, announced that a beginners class in first aid would start Tuesday in the little theater of the high school.

Mrs. Homer Hall gave a detailed report on the sixth district meeting and Mrs. S. B. Smith gave a report on the managers meeting.

Attention was called to the P.-T. A. program on the Don Lee network on Fridays of this month from 1:15 to 1:30 p. m. There is also a radio program on Saturday from 12:15 to 12:30 p. m.

Mrs. Short introduced the guest speaker, Miss Mildred Crohn, of the state board of health, who gave a very interesting talk on nutrition. She gave an outline of foods that should be included in meals every day. Stress was put on the fact that it is necessary to have certain foods in sufficient amounts to obtain a balanced diet.

A discussion followed Miss Crohn's talk and she answered many questions. The subject of lunches was brought up and Mrs. Short explained how children could obtain what the parent especially wished them to have. Write a note to the teacher and the trays will contain what is wanted for the children. Ira R. Abbott explained the rise in prices at the cafeteria.

The meeting was adjourned to the cafeteria for refreshments.

The next meeting is Founder's Day on Feb. 3 for both the grammar and high school P.-T. A.'s. The hostesses will be the fifth grades, and Mrs. Ira Grim will be chairman.

Lauren Locke Safe At Home After Torpedoing

Lauren Locke, son of Mr. and Mrs. Jerry R. Locke of Hamilton avenue and grandson of Mrs. Laura Foster Keesling, has had the unpleasant experience of being torpedoed out of his bunk aboard a Norwegian freighter, spending three hours in a life boat on the Pacific in the early morning hours clad only in shirt and pants.

Locke signed up with the crew of the freighter in December and this was his first voyage. He was the only American aboard. Although the boat was torpedoed without warning there were no casualties and the men took to the life boats calmly.

They were taken to Honolulu and returned to San Francisco with hundreds of women and children evacuees from the islands, arriving Tuesday.

Locke was greatly disappointed that his maiden voyage was terminated so quickly, and said he supposed now he would have to go back to State college.
